Product

CP Stone Polish Paste

Features

Stone Polish Paste contains unique high-strength, ultra-fine crystal particles. It quickly fills micro-pores in stone, covers cracks and fine scratches, and forms a clear, moisturized, and durable crystalline layer—delivering a full, bright visual effect to your floor surfaces.

Range of Application

Granite, inorganic artificial stone, polished tiles, artificial stone, terrazzo, and marble that is difficult to polish to a shine.

Method of Application

Sprinkle an appropriate amount of Stone Polish Paste onto the floor, then polish dry with a crystallizing machine paired with a 3M white pad. For rough stones or those with numerous pores, polish 2-3 times as needed.
