Product

Carpet Stain Remover

Features

Formulated with powerful wetting specialty surfactants, this is a specialized local heavy-duty stain cleaner developed for targeted intensive treatment of carpets. It effectively cleans tea stains, oil stains, juice stains, coffee stains, and other mixed stains—quickly, efficiently, and without damaging carpet fibers.

Method of Application

Use a roller brush vacuum cleaner to vacuum the entire carpet, or first comb the fibers with a carpet comb in areas with frequent traffic, and then thoroughly vacuum the entire carpet.

Remove stubborn stains according to carpet maintenance instructions. Make corresponding preparations on woven furniture.

Application:

1. Dilute the product with water at a ratio of approximately 1:10 (for heavy stains, spray directly without dilution and let it soak for 2–3 minutes).
2. Scrub with a carpet brush or hand brush, then blot dry. After local stain removal, thoroughly rinse the area with water. If necessary, repeat the previous operations.

Important Notes

Before cleaning the carpet, please first conduct a color-fading and material compatibility test on a small, inconspicuous area according to the dilution ratio required by this product.

For important information on other aspects of carpet maintenance, please refer to the carpet maintenance instructions.

Technical Data

Net Volume	Packaging	Physical State	Colour
1 Gallon	4 Bottles / Carton	Liquid	Clear
PH Value	Specific Gravity at 20°C	Consumption(/L)	Shelf Life
6.0≤pH (5%) ≤8.0	1.032g/cm ³	5-10L Water	2 Years From Production

Storage and Safety

- Store sealed in original container at room temperature. Do not store or use at a temperature below 5 °C.
- Avoid contact with eyes. If it accidentally enters eyes, rinse immediately with plenty of clean water for at least 15 minutes; seek medical attention if irritation persists.
- Keep out of reach of children and pets. Do not take orally. If swallowed, do not induce vomiting; rinse mouth with water and seek immediate medical advice, bringing this data sheet if possible.
- TO BE USED EXCLUSIVELY BY PROFESSIONALS. When using the product, please refer to the Material Safety Data Sheet (MSDS) and follow the label instructions on the product packaging.
