Product

High-Speed Polishing Wax

Features

Formulated with a high-efficiency brightening formula, this product works with high-speed polishing machines to quickly form a glossy, transparent coating. It offers easy daily maintenance, a long service life, and comprehensively enhances the brightness of floor surfaces.

Range of Application

Terrazzo, marble, polished tiles, PVC floors, and other surfaces.

Method of Application

- 1. When reapplying wax to the floor, first apply the base wax and allow it to dry completely.
- 2.Apply evenly to the floor 1–2 times, with a 30–60 minute interval between coats to ensure each wax layer dries thoroughly.
- 3. Polish the floor after approximately 2–4 hours.
