### Product

MR Rapid Polishing Paste

### Features

Rapid Polishing Paste features innovative and unique titanium-based high-strength composite particles, boasting exceptional cutting efficiency. It can quickly repair damages on the crystal surface of stone materials.

With an eco-friendly and clean formula, it deeply cleans the micropores of stone during grinding while forming a bright, wear-resistant protective film.

### Range of Application

Marble, Artificial Marble, Quartz Stone.

### Method of Application

1. Pour an appropriate amount of Rapid Polishing Paste. Approximately 3-8 ml of undiluted solution is needed per square meter of flooring.
2. Use a crystallizing machine paired with a white pad or crystal nano pad to grind until dry and polish.
3. After the polishing operation is completed, clean or lightly buff the floor and dust it off.

### Technical Data

Net Volume	Packaging	Physical State	Colour
1 Gallon	4 Bottles / Carton	Paste	White

### Storage and Safety

- The storage temperature should be above 0°C and the container should be well-sealed.
- Avoid contact with eyes. If it accidentally enters eyes, rinse immediately with plenty of clean water for at least 15 minutes; seek medical attention if irritation persists.
- Do not take orally. If swallowed, do not induce vomiting; rinse mouth with water and seek immediate medical advice, bringing this data sheet if possible.
- Keep out of reach of children and pets. Do not smoke, eat, or drink during application to avoid ingestion.
- TO BE USED EXCLUSIVELY BY PROFESSIONALS. Ensure the work area is well-ventilated during application. It is recommended to use personal protective equipment. Read the Method of Application before use.
