Product

WF Wood Floor Wax

Features

WF is rich in natural wood wax, with a fresh scent. It deeply nourishes and polishes wooden floors, leaving no greasiness and being easily absorbed. Boasting ultra-high hardness, it is simple to apply and dries extremely quickly, saving time and labor. It resists ultraviolet rays, prevents corrosion, moisture and mold, and offers scratch resistance, water resistance, stain resistance, and anti-cracking properties. It can maintain the natural color of wooden floors for a long time.

Range of Application

Wooden Floor, Laminate Floor

Method of Application

- 1.Clean the floor and allow it to air-dry.
- 2.Spray the WF onto the floor, use a flat mop to apply it evenly over the surface. Wait for the floor to dry completely, then reapply the wax. For the first use, 2-3 coats are required.
- 3.For future maintenance, simply remove the surface wax layer with wax stripper and reapply a coat of WF.
