Product

WR Stone Coating & Polishing Wax (White / Magic Black)

Features

Rich in natural wax, WR quickly enhances stone brightness to achieve a crystal-like gloss and smoothness.

Range of Application

White: Marble, granite, ceramic tiles, artificial stone, and various other stone types.

Magic Black: Marble, granite and black stone.

Method of Application

White:

1. Use a hand-held polisher paired with a soft white pad and steel wool for polishing.
2. Pour an appropriate amount of the WR onto the stone surface, then spread and apply it evenly.
3. Reduce pressure when the product dries, and continue polishing until an extremely high gloss appears on the stone.

Magic Black:

1. For better results, use a polisher (with a rotation speed of 1500-2500 rpm) equipped with a 0# steel polishing pad.
2. Pour an appropriate amount of WR Magic Black onto the stone surface, then spread and apply it evenly.
3. Reduce pressure when the product dries, and continue polishing until an extremely high gloss appears on the stone.

Technical Data

Net Weight	Packaging	Physical State	Colour
0.5 KG	12 Cans / Carton	Paste	White / Black

Storage and Safety

- The storage temperature should be above 0°C and the container should be well-sealed.
- Avoid contact with eyes. If it accidentally enters eyes, rinse immediately with plenty of clean water for at least 15 minutes; seek medical attention if irritation persists.
- Do not take orally. If swallowed, do not induce vomiting; rinse mouth with water and seek immediate medical advice, bringing this data sheet if possible.
- Keep out of reach of children and pets. Do not smoke, eat, or drink during application to avoid ingestion.
- TO BE USED EXCLUSIVELY BY PROFESSIONALS. Ensure the work area is well-ventilated during application. It is recommended to use personal protective equipment. Read the Method of Application before use.
