Product

WR Wall Gloss Restorer

Features

WR is derived from Nordic precision grinding technology, containing high-strength, ultra-fine diamond abrasive particles. It instantly responds to stone textures, conceals pores and imperfections, optimizes light absorption, and achieves a mirror-like reflective effect.

Range of Application

Marble, granite, artificial stone, and various other stone materials.

Method of Application

1. Use a handheld floor polisher paired with a soft white pad for polishing.
2. Pour an appropriate amount of WR onto the surface of the white pad, then polish evenly on the stone wall.
3. Reduce pressure when the product dries, and continue polishing until an extremely high gloss appears on the stone surface.

Storage and Safety

- The storage temperature should be above 0°C and the container should be well-sealed.
- Avoid contact with eyes. If it accidentally enters eyes, rinse immediately with plenty of clean water for at least 15 minutes; seek medical attention if irritation persists.
- Do not take orally. If swallowed, do not induce vomiting; rinse mouth with water and seek immediate medical advice, bringing this data sheet if possible.
- Keep out of reach of children and pets. Do not smoke, eat, or drink during application to avoid ingestion.
- TO BE USED EXCLUSIVELY BY PROFESSIONALS. Ensure the work area is well-ventilated during application. It is recommended to use personal protective equipment. Read the Method of Application before use.
